

# Adelaide Fibreglass pools

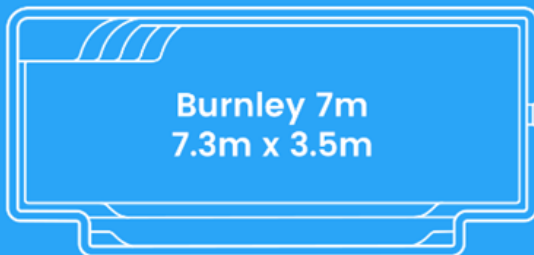

**Burnley 6m**  
6.3m x 3.5m

For a family pool that's made for a jet-setter, you've got to check out the Burnley fiberglass pool range. It's got angles and curves that make it a step above the Jones' pool, and you don't have to drop a tonne on it.

The Burnley range is a large fiberglass pool but isn't so large that it can't fit in the average Australian backyard. The swimming pool is from 6.3 meters in length and 3.5 meters in width. You've got safety ledges all around the pool for peace of mind. But for peace of heart you've also got a spa nook that you can add jets too.

To get the most out of your fiberglass swimming pool space, we've made the steps compact on one edge. Additionally, the floor and stairs are slip resistant as an extra safety feature.

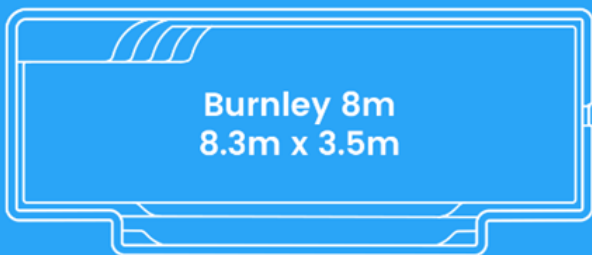

**Burnley 7m**  
7.3m x 3.5m

This fiberglass pool is 1.80 meters in depth on the deep end and 1.20 meters on the shallow end. In the middle you can swim freely and do your laps. This pool gives you the opportunity to level up if you want to.

The Burnley 6M offers curves and luxury and you can customise it to fit your lifestyle. It can be simple luxury or extravagant luxury, the choice is yours

**Burnley 8m**  
8.3m x 3.5m
